ISTQB Certified Tester - Foundation
Level

# Teodora Maria Vermeşan

QA Automation Engineer
Cluj-Napoca, Cluj, România

## Rezumat

Quality Manual and Automation Engineer testing web applications.
On the manual side I covered all the testing scenarios and activities,
working closely with the Dev team and customers. On automation I
worked on implementing UI tests with Java and Selenium
I consider I am a quick learner, open-minded, ambitious, open for
new challenges
and have positive thinking, enthusiasm, quick accommodation to the
work environment, attentiveness to details and organizational skills.

## Experienţă

**RWS Group**
QA Automation Consultant
mai 2022 - Present (1 an 8 luni)

**Cognizant Softvision**
QA Manual & Automation Engineer
octombrie 2012 - aprilie 2022 (9 ani 7 luni)

Manual Testing:

- Different types of testing: Smoke, Regression, Ad Hoc, Functional, Pre/Post
Release testing
- Take part of plannings, retrospectives and daily stand-up meetings between
the client and the team
- Designing test cases for new features
- Analyze results of test execution and compile test reports
- Create test plans and test reports based on testing activity
- Review specification documents
- Worked with various test management tools and defect and tasks
management tools
- Test Methods: Agile/Scrum and Kanban

Automation Testing:
Design, develop and maintain automated test framework

- Used Java as programming language with Selenium to test web application UI
- Ran regression smoke tests in the morning/night based on deployment timings and then gather reports
- Analyse reason of test runs failures
- Fix automated test scripts (if any problems found)
- Investigate defects found by tests/ Submit defects found by tests
- Review results of regular (nightly) test runs;
- Debugging Test Cases and Fixing Errors
- Executing/Running Test Cases
- Used patterns Page Object in automation
- Experience with Gherkin and BDD
- Perform code reviews
- Used postaman to test different endpoints
- Simple performance tests using jmeter

Neusoft
Trainee
iulie 2011 - august 2011 (2 luni)
B-dul Muncii nr 217-219, 400641, Cluj-Napoca, jud. Cluj

A 2 month pre-employment program designed to learn Java, JDBC, SQL,

―――――

## Studii

### Universitatea Tehnică din Cluj-Napoca
Master's degree, Multimedia Technologies · (2012 - 2014)

### Technical University of Cluj-Napoca
Licentiate degree, Telecommunications Engineering · (2008 - 2012)

### Computer Science High School Tiberiu Popoviciu
Bachelor of Science (B.S.), Mathematics and Computer Science · (2004 - 2008)
